What we offer

Point Alliance works closely with clients throughout the entire project experience from requirements gathering and finalization, to the solution development, application implementation and training.

Our Services

Point Alliance offers application development including strategy and design, systems integration and support services to a wide variety of clients across various industry. Additional services include:

- Website development
- Portal development
- Mobile application development
- Infrastructure implementation, upgrades and migrations
- Project management
- Training & support

Our Mission Statement

Point Alliance's mission is to be a leader in the Information Technology industry by delivering outstanding services, innovative products, and custom development solutions that continuously exceed our client's expectations. Our commitment to leadership in business and within our community is reflected in the high ethical standards and integrity we apply to our relationships with our employees, partners, clients and community members.

Our Products

Point Alliance offers pre-built solutions such as web content and data management systems. Point Alliance's product line-up includes:

- **Launch Pad for Web** – a fully featured web content management solution for business users.
- **Compliance Management Solution** – a centralized content management and workflow solution designed to empower organizations to track and achieve regulatory compliance.
- **Mobile Domino for BlackBerry** – the easiest way to integrate Domino data to BlackBerry.
- **BlackBerry Synchronization Utility** – a solution to synchronize content between your BlackBerry Address book and Lotus Notes database(s).
- **Event Manager for Domino** – a fully integrated event management solution.
- **ipoint.to** – a unique website designed to shorten url links.

How do we bring value?

Leveraging the extensive business and technology experience of our team of IT experts allows Point Alliance to drive maximum value by delivering impactful solutions to clients in the most time and cost efficient way possible.

Our fully certified team of design and solution architects strives to continually enhance their IT knowledge through regular comprehensive training. Clients can expect nothing short of outstanding business results and unparalleled customer experience when working with the Point Alliance team.

Partnerships

Point Alliance is an active member in the following network of partnership.

Did you Know?...

- ... that managing your website content can be as easy as sending an e-mail?
- ... that a company's directory can be uploaded to your BlackBerry?
- ... that a company's compliance management process can be significantly reduced from months to weeks?
